

Characteristics of Quality Children's Programming

When you're evaluating children's programming, look for television shows and/or videos that:

- Are educational
- Support your family values
- Offer new insights
- Explore a topic your child would like to know more about
- Motivate your child
- Foster creativity
- Portray positive interpersonal skills
- Are sensitive to the uniqueness of all individuals
- Reflect diversity in all its forms
- Relate to what your child is learning in school
- Provide slow-paced images
- Allow your child time to think and respond
- Incorporate physical movements
